

October 7, 2014

To the Board of School Directors
Addison Town School District
Vergennes, Vermont

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Addison Town School District for the year ended June 30, 2013. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated September 23, 2013. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Addison Town School District are described in Note 1 to the financial statements. As described in Note 1 to the financial statements, the School District changed accounting policies related to reporting deferred outflows and inflows of resources and net position in a statement of financial position and related disclosures by adopting Statement of Governmental Accounting Standards (GASB Statement) No. 63 *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, in fiscal year 2013. Accordingly, the cumulative effect of the accounting change as of the beginning of the year is reported in the Statement of Financial Position and related disclosures. We noted no transactions entered into by Addison Town School District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

The completion of our audit was delayed due to being unable to receive audit documentation requested during the audit in a timely manner.

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The following material misstatements detected as a result of audit procedures were corrected by management. We proposed adjustments to record deferred revenue, adjust food service receivable to actual, adjust copier lease payments to actual, record accounts payable, record on-behalf revenue and expense payments, to record commodities revenue and expense, and record adjustments to convert the fund basis financial statements to GASB 34 basis.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 7, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to Addison Town School District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Addison Town School District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the use of the Board of School Directors and management of Addison Town School District and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

A.M. Peisch & Company, LLP
